

OPERATOR & EQUIPMENT INFORMATION

Operator Name / ID	Date
Evaluator Name / Title	
Equipment Type / ID	

EVALUATION CHECKLIST

Mark "Yes" only when the operator demonstrates each action safely and unaided.

Pre-operation inspection: Fluid levels, tires, forks, mast, safety devices
Seatbelt usage and proper mounting/dismounting (3-point contact)
Travel speed <= 5 mph, appropriate for area conditions
Pedestrian awareness: Horn use at intersections, situational awareness
Load handling: Proper tilt back, smooth control, load capacity compliance

CERTIFICATION STATEMENT

I certify that the above practical skills were evaluated in accordance with 29 CFR 1910.178(l). Any "No" requires remediation and retest.
