

29 CFR 1910.178(l) - Powered Industrial Truck Operator Training Requirements

Operator Name/ID:

Evaluator Name/Title:

Date:

Equipment Type/ID:

Mark "YES" only when operator demonstrates each action safely and unaided:

- ☐ Pre-Operation Inspection: Fluid levels, tires, forks, mast, safety devices
- ☐ Personal Safety: Seatbelt usage and proper mounting/dismounting (3-point)
- ☐ Operating Speed: Travel speed 5 mph or less, appropriate for conditions
- ☐ Pedestrian Safety: Horn use at intersections, awareness of surroundings
- ☐ Load Handling: Proper tilt back, smooth control, load capacity adherence

CERTIFICATION STATEMENT

I certify that the above practical skills were evaluated in accordance with 29 CFR 1910.178(l)(6).
The operator has demonstrated competency in all required areas.

Note: Any "No" or failed demonstration requires remediation and complete retest.
